Help us in the fight against colorectal cancer! Did you know that colorectal cancer is the second leading cause of cancer deaths for men AND women?

PREVENTABLE | TREATABLE | BEATABLE

Please join us to honor Tom and celebrate a life well lived!

The Tom O'Sullivan Memorial Golf Classic celebrates a man of that description and connects a diverse group of people who share the loss and who remain committed to continuing his goodness in the community.

Tom O'Sullivan was age 50 when he was diagnosed with Stage IV colorectal cancer. He died on June 23, 2007, just four months after diagnosis. A KC native, he was the first-born of a large Irish Catholic family and was a local dentist for 25 years. His passing left a huge void in the lives of all who knew and loved him.
